Automatic Book Wireless Glue Binding Machine

Perfect binding involves hot glue applied to the spine of a stacked document for adherence to a wrap-around cover. The result is a high quality product that continues the long tradition of bookmaking craftsmen throughout the centuries.
It is widely used in small print and copy store, administrative department, small company and printing business factory. It can bind books with paper under 80mm easily. You can learn to bind a book in 15 seconds. It is easy and convenient to use.

Features

- ✓ **20 teeth solar cutter+milling cutter**
- ✓ **Two Roller +heel glue**
- ✓ **Touch screen**
- ✓ **High power silent motor operating**
- ✓ **Adjustable binding height**
- ✓ **Erect Clamping Table Design**
- ✓ **Fault self-detection**
- ✓ **Frequency conversion technology**

Model	TC60A4
Control panel	7 inch touch screen
Max binding length	330mm
Max binding thickness	65mm
Binding efficiency	300-400books/hour
Milling cutter	Solar milling cutter+small milling cutter
Duration for glue melt	30min
Glue Roller	Two rollers+ heel glue
Voltage/Power	AC220V ±10% 50HZ 2.6KW
Gross weight	200kgs
Packing size	1340*580*970mm

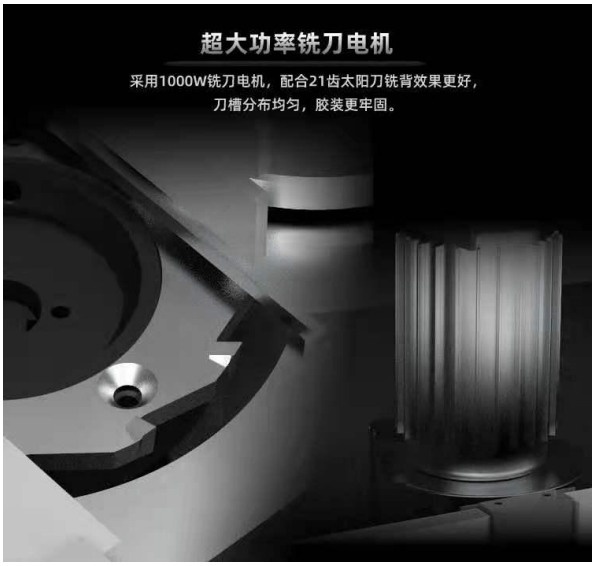

Add: No.11 Bldg, Jingxu Rd, Haining City, Zhejiang Prov. China, Post code 314409 Contact person: Dylan

Main Features

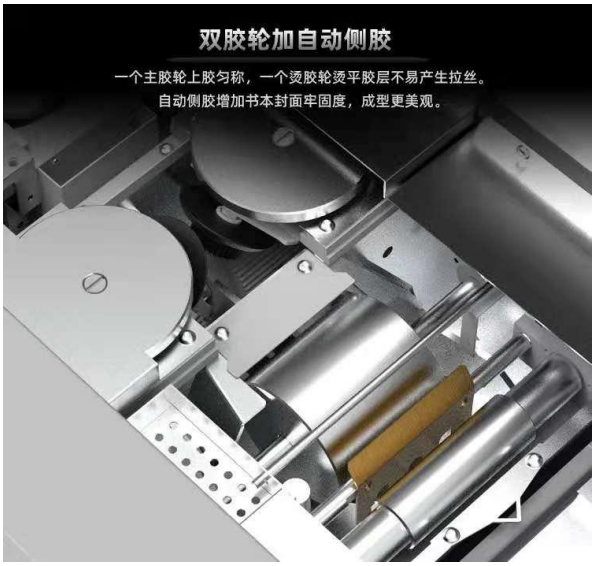

7 inch colorful touch screen.

Big touch screen, new UI design,easy to operate.

High power milling cutter motor

Adopt 1000W milling cutter motor, better milling effect and even distribution of cutter groove.

Two glue rollers + Heel glue

Glue make up full and uniform, ensure perfect book bind and firm。 Iron glue roller will iron the glue improve the quality of binding. Also Side glue

Frequency conversion technology

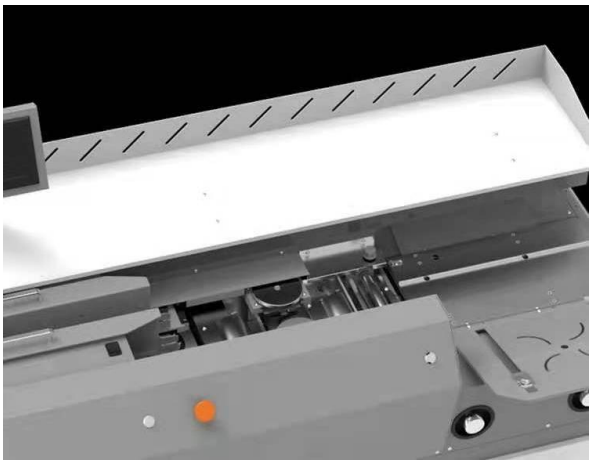

Intelligent frequency conversion technology, improve the binding speed and the positioning accuracy, ensure the quality of the binding

makes the book more better.

Adjust square or round

According custom need, adjust book finish effect in square or round.

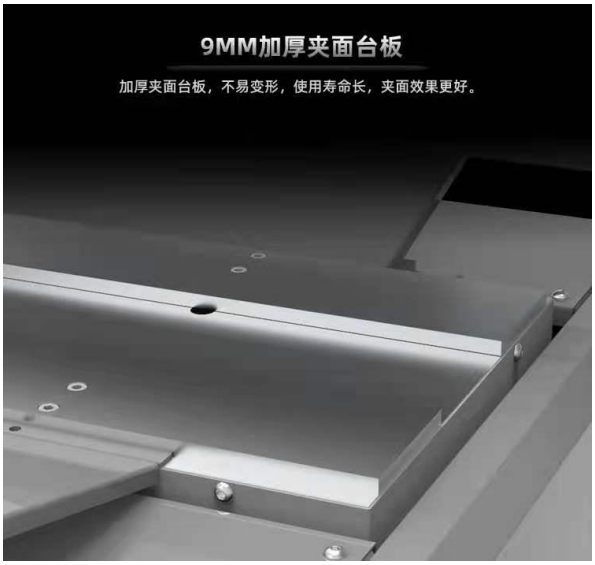

Large stacking book platform design

Large rear storage platform, more convenient for material stacking

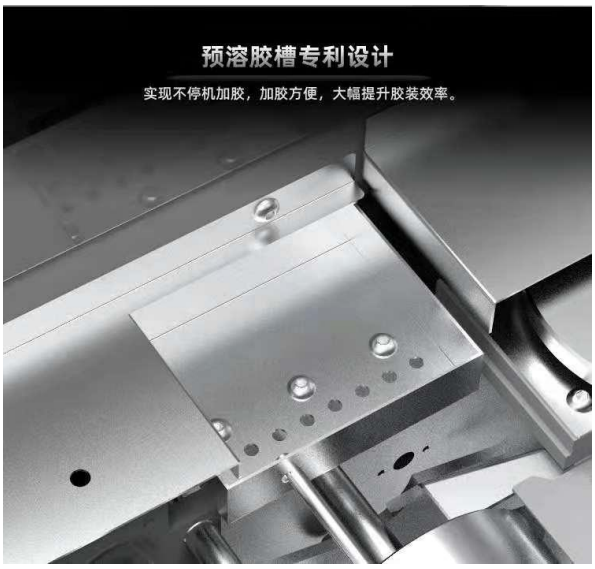

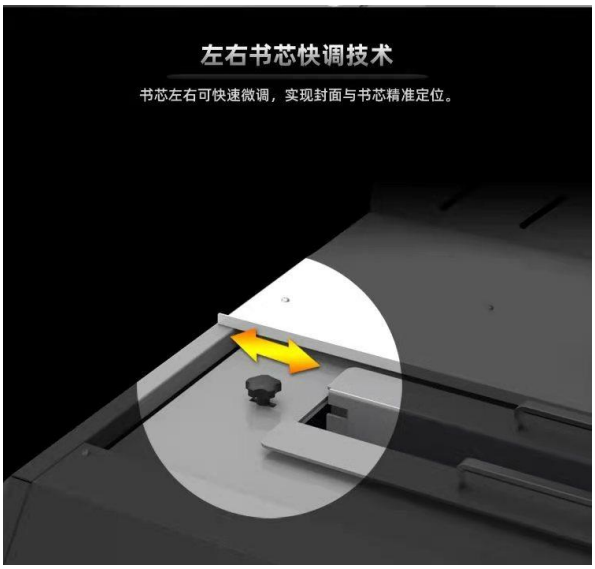

Dismountable pallets

Fit various size of books, especially for thick coated paper, easy to disassemble without screw fixture

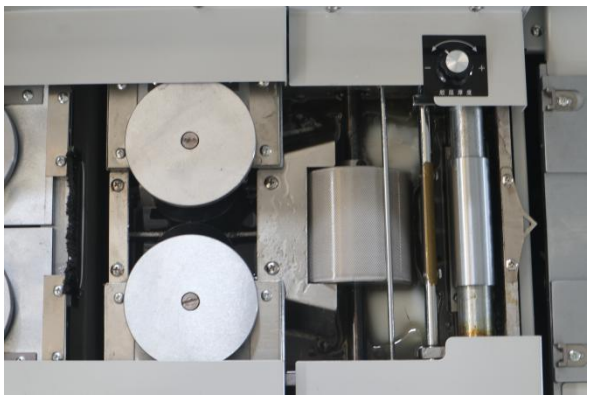

9mm thickened clamping pallet

Thickened clamping pallet, not easy to deform , with long life and better clamping effect.

	
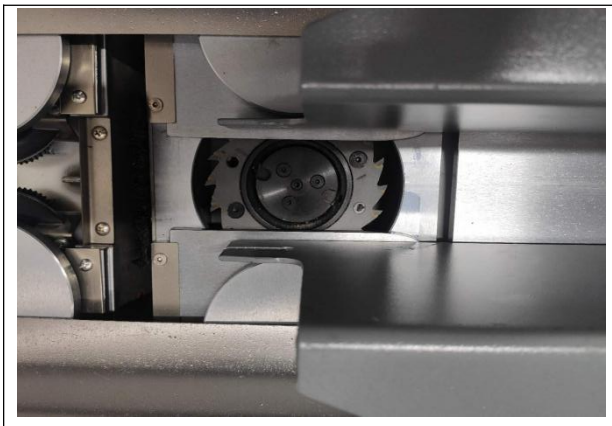

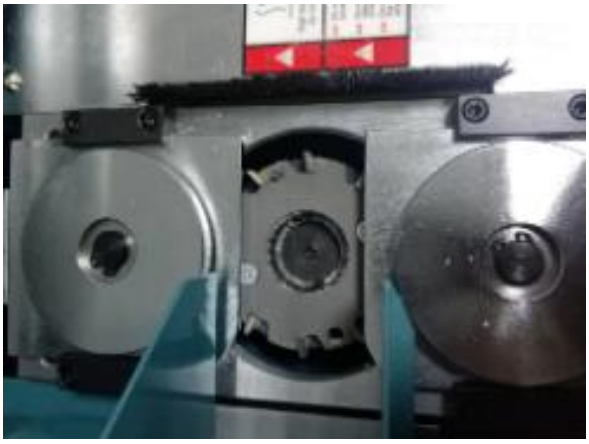

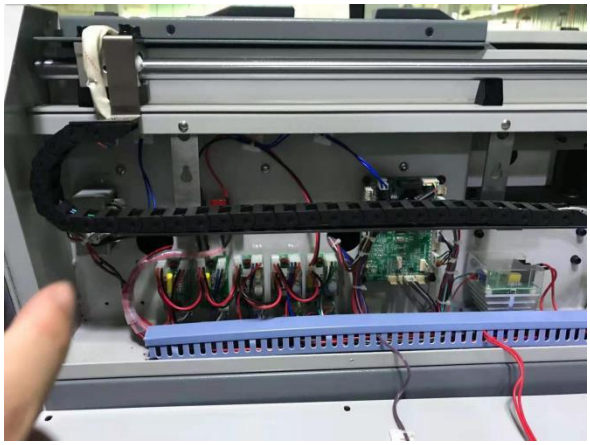

Preheating glue hopper Feeding hot melt adhesive stick without power off	Position micro-adjustment help to register book and cover precisely.

Our advantages

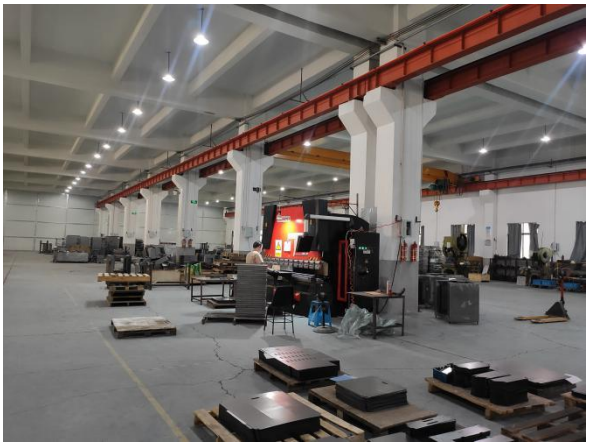

Our machine	V S	Other brand
		
7inches large touch screen Easy operating, full functions		Small LCD screen Buttons obsolete appearance
		
Thick paper clamp, detachable Stronger, easier to cleaning glue residual Better for thick coated paper milling deep		Non-detachable Not easy to clean, not strong plate
		
Two roller with side glue Brush to clean book, vacuum prevent dust into glue reservoir		Single roller Glue is thin and not even

★ Packing & Delivery

Safety and Fast Transportation

1. Packing: Plywood Case for Each Machine
2. Payment terms: T/T (50% deposit to start the production, 50% paid before delivery)
3. Delivery date：20 business days after receipt the payment.
4. Delivery means: By sea from Shanghai

FAQ

Q: Are you a factory or trading company?
A: We are a professional manufacturing factory specialize in printing equipment with more than 20 years experience, committed to supplying our customer top quality and dedication to the constant improvements of quality, reliability, productivity and the competitiveness of our products and services.

Q: How to get a quotation?
A: Please send us an inquiry directly. We need to get specific details, such as material, size, color, thickness, quantity, etc.

Q: Can you do the production as customized?
A: Yes, we have a professional technique team, we could produce the machine depends on your requirements.

Q: What are your terms of payment?
A: We accept TT/LC/PAYPAL/Western union, every payment term we can discuss.

Q: How long is the warranty time?
A: All products carry up to a full year warranty. Supply wearing parts with favorable price and long term after-sales service. We believe in total customer satisfaction, aside from our no-hassle

guarantee.

Company Profile

Hangzhou taoxing printing machinery co., ltd is a High-tech lead company, integrated with science, industry and trade. We have strong technical support, advanced production equipment and professional staff who dedicate to products research, development, manufacture, installation, test and maintenance.

Two decades of production experience and excellent printing technology

If you are interested this unit, pleas feel free to contact us as follows.
